Dear Community Member,

We are inviting you to take the lead in your community. Take your Osum Group to the next level by training yourself with technical and soft skills which are well valued by professors, entrepreneurs and leading companies of the IT market. Becoming the Osum Leader for your community might be the start of your career path while getting an opportunity to be a "bridge" between your community and Sun Microsystems.

We want you to be the Leader who will be responsible for the organization of monthly meetings, giving technical talks, plan social events related to free software and much more. But for all this, you are not alone. We are a huge community, and we will support you with:

   * Hands- on training via Tech Demos and Student Projects to learn technologies that can lead to promising careers in the IT industry
   * Ready access to free and low-cost student resources, such as the SAI (free training and discounted certification)
   * Make lots of like-minded (technical) friends through the Sun OSUM global community
   * Have access to a variety of Sun OSUM events such as Software Freedom Day, University Day, etc.

We will be also supporting you in the organization of contests, getting you special speakers to your monthly meetings and lots of other cool stuff. And if all this is just not enough for you, we have an Appreciation program including

   * OSUM Leader Welcome gift pack – Toolkit, Leader Certificate and OSUM Contact Cards (business card size)
   * After 1 OSUM Club meeting – T-Shirt
   * After 3 OSUM Club meetings – OSUM Backpack
   * After 6 OSUM Club meetings – Programmer's Guide to Java SCJP Certification Book
   * After 9 OSUM Club meetings – Sun Certification Voucher Exam
   * After 12 OSUM Club meetings – Flip Video Camera (Flip Cam)

Take this chance to learn lots of great and open source technologies, know people from all over the world, and of course, have lots of fun while doing it!!

Register yourself here: https://www2.sun.de/dct/forms/reg_xg_2302_334_0.jsp and prepare yourself to become distinguished between professors, a valuable resource for the most important companies in the IT world, and of course, a Rock star between your friends and classmates.

"Become an Osum Leader today, and be one of the most important community leaders of our world"

Change Y(our) World

Regards,
